

Training

# STANDARDS AND R&I PROJECTS: HOW TO SUPPORT THE **BIO-BASED INDUSTRIES**

**14<sup>th</sup> December 2023** 15.00 - 17.00 CET

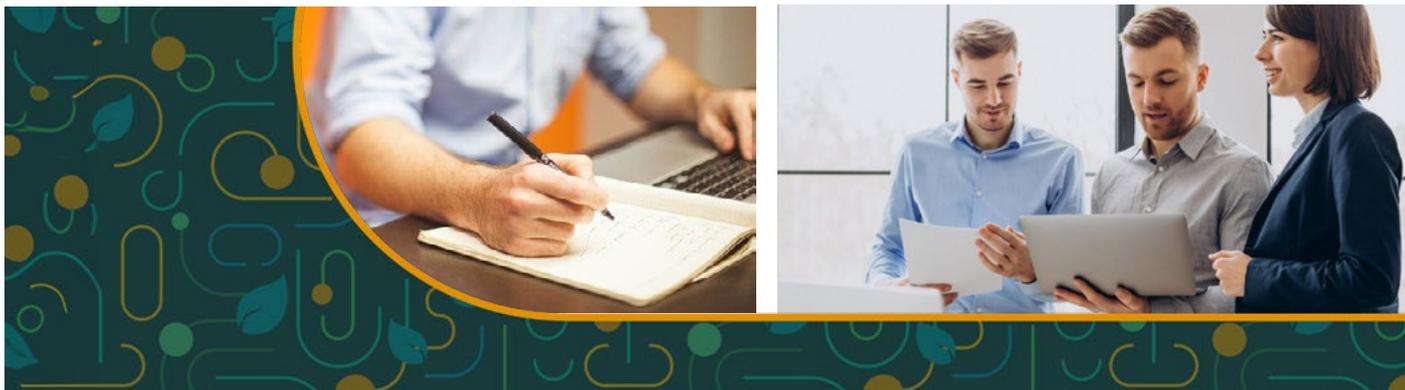

Free access upon  
Registration at [this link](#)

With the participation of:

Co-funded by  
the European Union

## SUMMARY

Within the research and innovation project [Star4bbs](#), UNI the Italian Standardization Body is organizing a training to shed the light on the standardization world: how it works, which are the main actors, which is the link with certification. It will be highlighted also [how organizations can transform R&I results into a fast-track standardization document, the CEN Workshop Agreement – CWA](#).

Finally, this training will explore [eventual standardization outcomes from the Horizon projects Star4bbs, Biorecer and Bioradar](#), while it will disseminate also these projects' objectives and intermediate results to companies, research institutions and standardization experts..

**14<sup>th</sup> December 2023** 15.00 - 17.00 CET

**Free access upon registration at this [link](#)**

The training will be ONLINE.
